That's the way you feel after one or two of Dr. Pierce's Pleasant Pellets have done their work. You feel President. well, instead of bilious and constipated; your sick headache, dizziness and indigestion are gone. It's done mildly and easily, too. You don't have to feel worse before you feel better. That is the trouble with the huge, old-fashioned pill. These are small, sugar-coated, easiest to take. One little Pellet's a laxative, three to four are cathartic. They regulate and cleanse the liver, stomach and bowels-quickly, but thoroughly. They're the cheapest pill, sold by druggists, because you only pay for the good you get. They're guaranteed to give satisfaction, every time, or your money is returned. That's the peculiar plan all Dr. Pierce's medicines are sold on.

Memory's Valley BY ANNIE POX.

1 From the Baltimorean.1 Far away in memory's valley, Where the balmy breezes blow; I will wander and will tell you

Of the days long ago. The ivy's twining in that valley Round about a cottage door : And a mocking bird still flying 'Gainst the windows as of yore.

There are memories in that valley, That lived in days that are o'er: And the waves of time's restless ocean Cannot wash them away from the shore

There are garlands in that valley, That old time can never defy; And they ever grow greener and brighter, As the years like a river sweep by. And though to other lands I wander.

Cull new memories on my way; Still bright flowers will be blooming, In that valley far away. And hopes that slumber in that valley, From which I was so loath to part ;

Still is gnawing at the fibres Of this solitary heart. And when at last the purple dawn Is breaking in the eastern sky; When to a fairer land I'm called,

I'll leave that valley with a sigh
